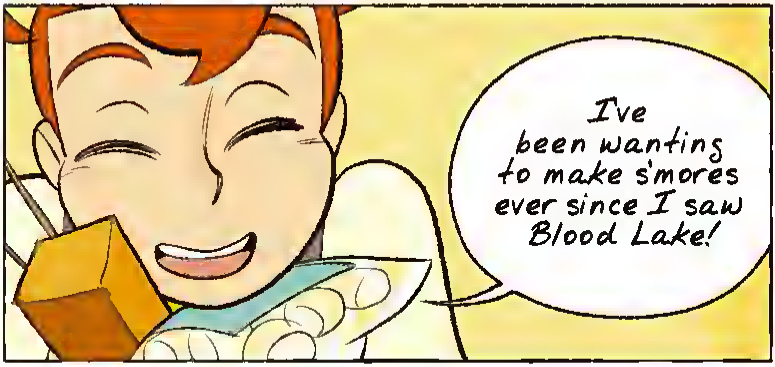
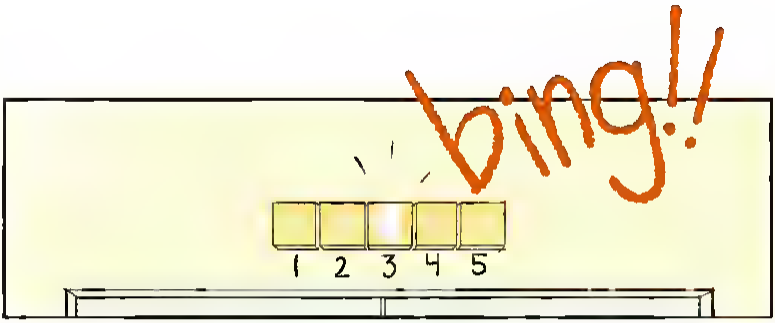
I can't believe there's no chocolate in this house!
It's a travesty!
I'm just thankful we found some marshmallows.
Me too.
I'm so excited!



I've been wanting to make s'mores ever since I saw Blood Lake!

What?



bing!!

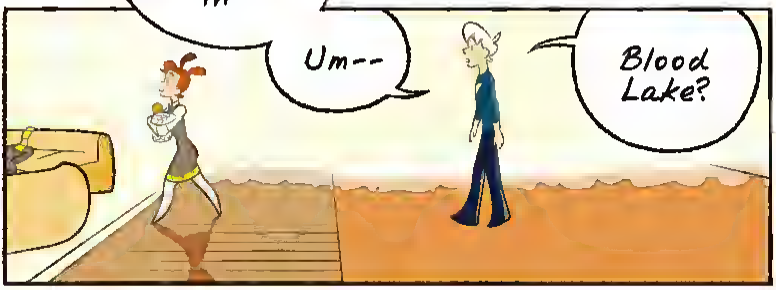
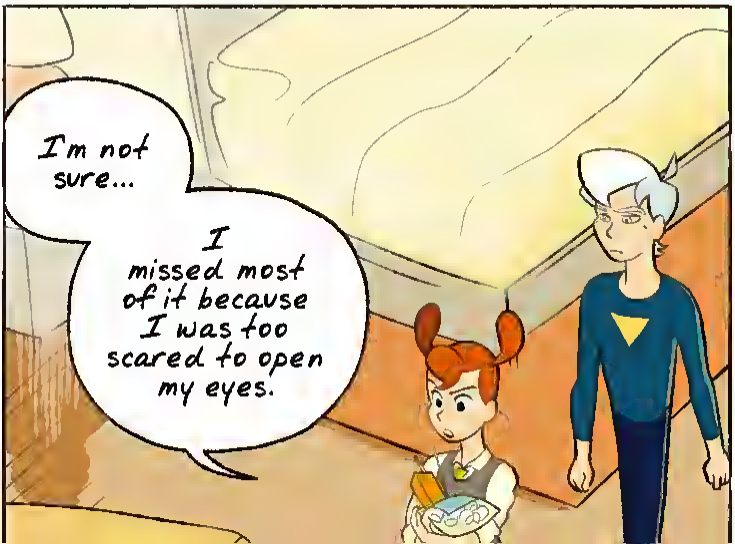
Blood Lake--
1 2 3 4 5

It's a movie about a haunted summer camp.
I didn't know you liked scary movies..
Oh, I don't, but my friend Jemmah used to make me watch them all the time.

So, what happens in--

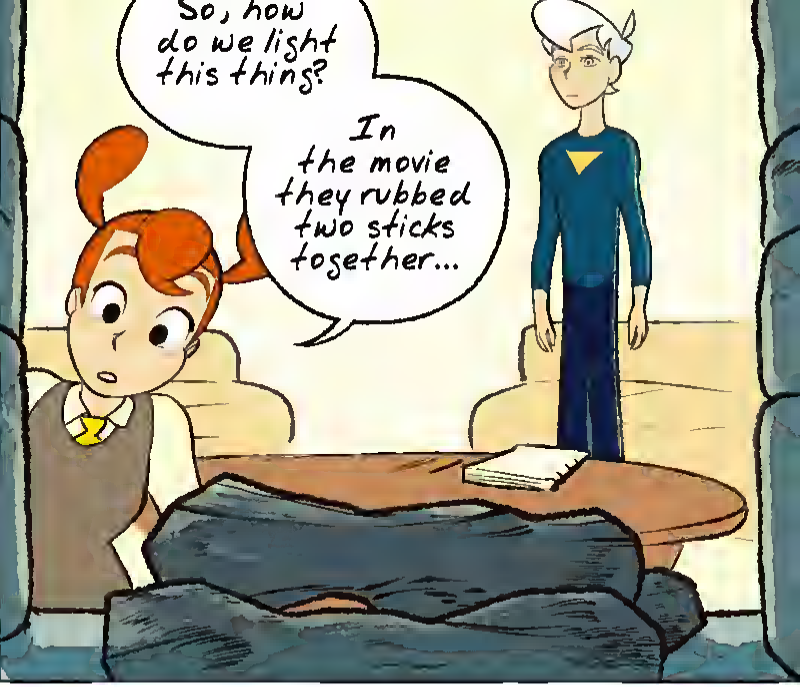


Um--
Blood Lake?



I'm not sure...
I missed most of it because I was too scared to open my eyes.

But I did see a scene where all the kids are sitting around a fire, singing songs and roasting marshmallows.
I always wanted to try that but I never could because open flames weren't allowed on the space station.

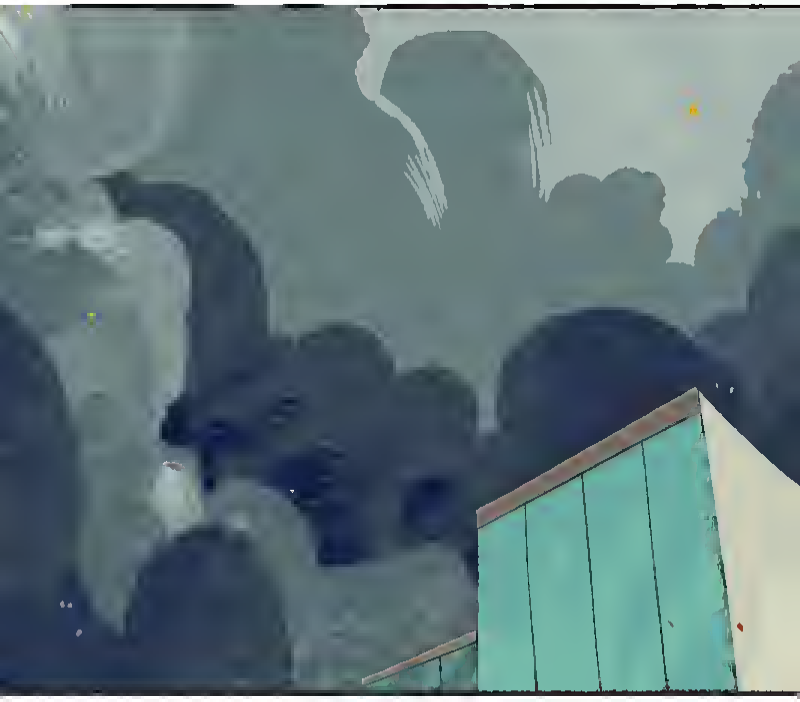


So, how do we light this thing?
In the movie they rubbed two sticks together...

clap
clap

FOOSH!

It's a gas powered fire place.
Hope you don't mind.



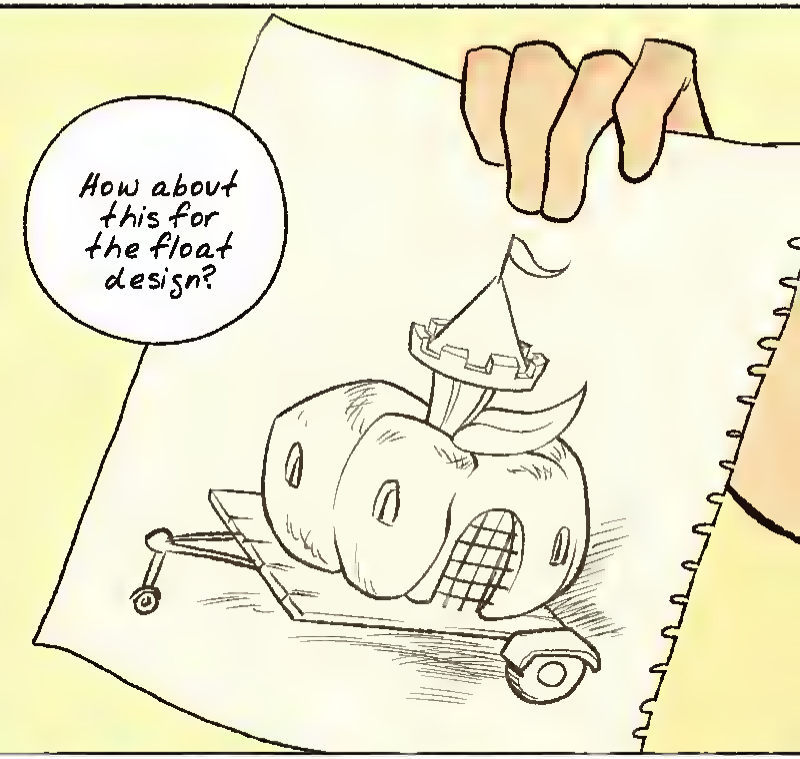
CRUNCH
MMM!!
It's even better than I imagined!

Want a bite, Oliver?

No thanks.

Are you sure?
It tastes like heaven.

I'm sure.
RIP!



How about this for the float design?

Hmmm.
It's a good pumpkin palace, but it's missing something...

What?

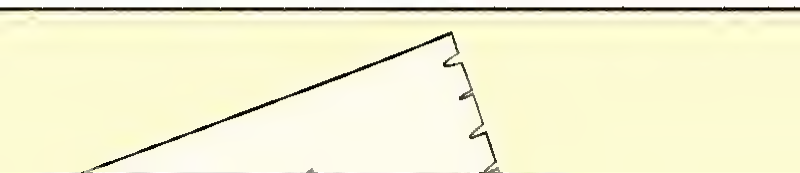
There's too much pumpkin and not enough palace.

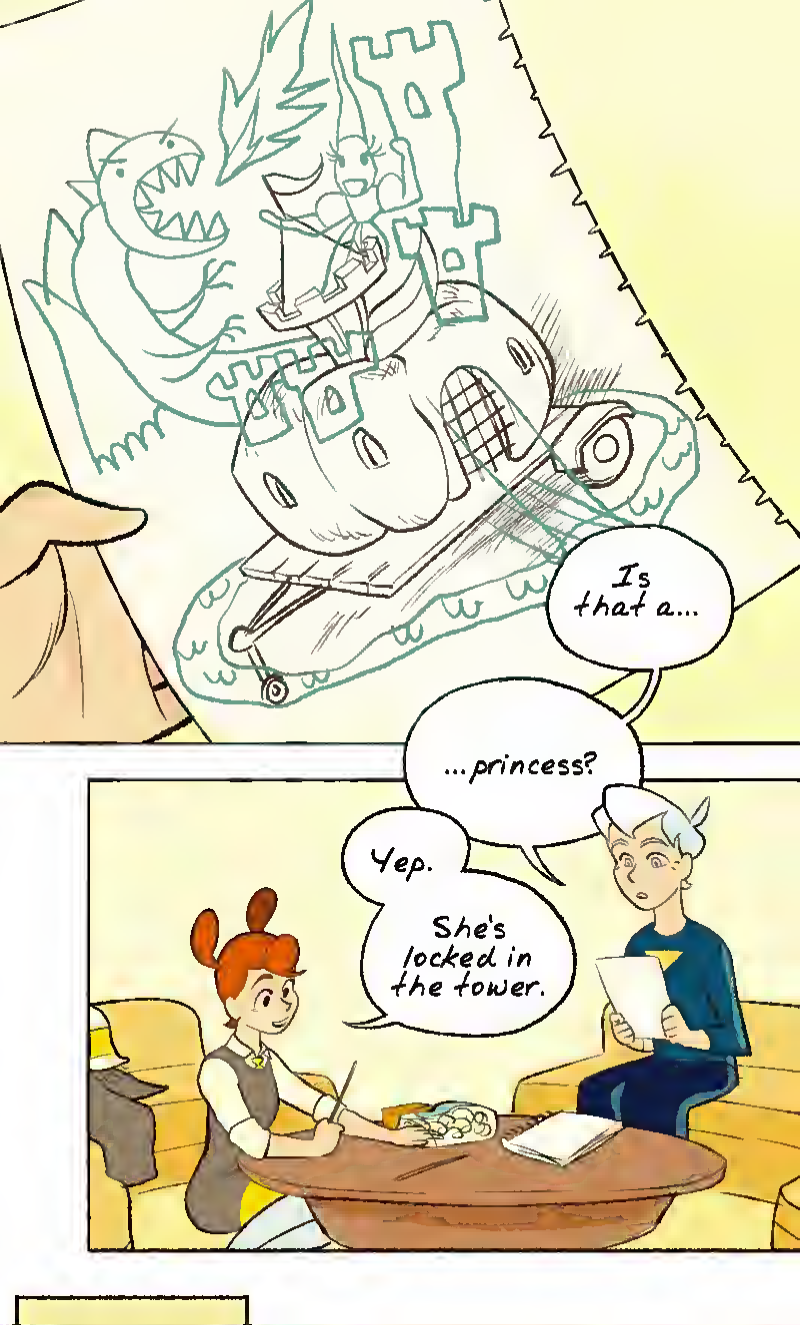
I have no idea what that means.

Here, let me show you...

SKETCH
SKETCH

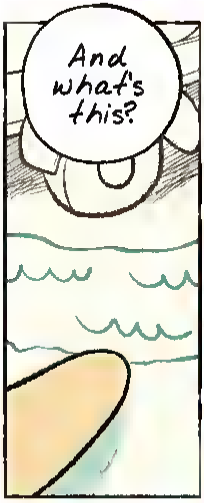
There we are!





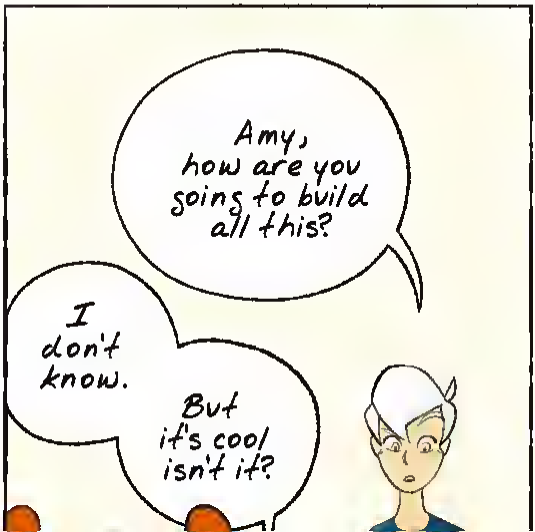
Is that a...
...princess?
Yep.
She's locked in the tower.

She has huge biceps...
I was trying to draw puffed sleeves.
And that's a dragon, right?
Right.

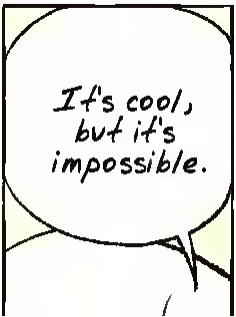


And what's this?

It's a moat.
For the drawbridge to go over.



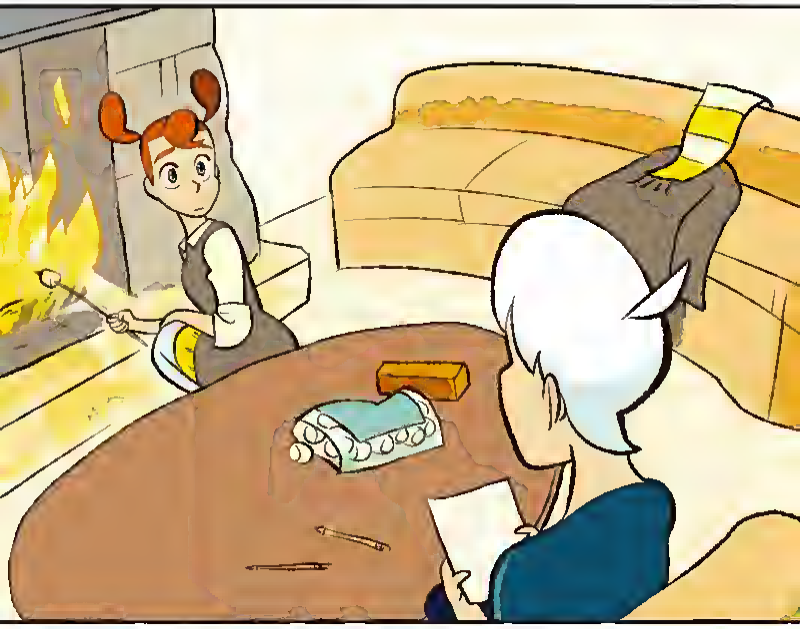
Amy, how are you going to build all this?
I don't know.
But it's cool isn't it?



It's cool, but it's impossible.

Then make it possible.
You're the artist here.
Isn't turning dreams into reality what being an artist is all about?
No.

Being an artist is about finding the reality amidst the dreams.



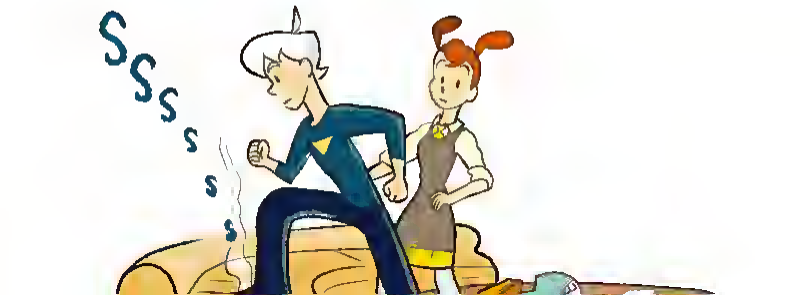
I'll see

what I can do.
FOOM!
AAHHHH!
My marsh-mallow!

Blow it out!
EEEEE!
SWISH!
SWISH!

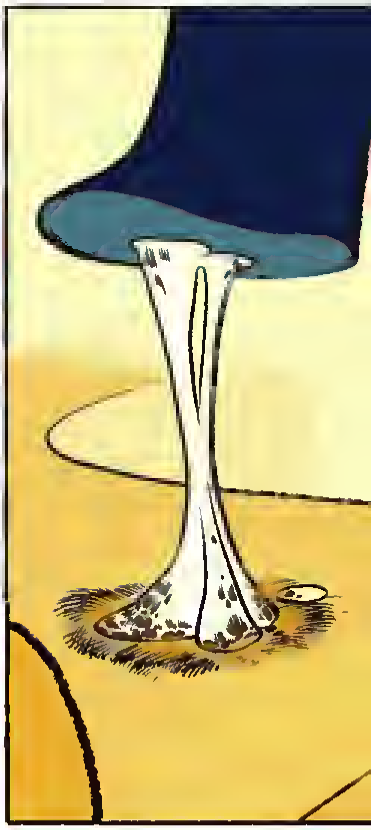
flick!
plop!
AAAHH!
STOMP

STOMP
STOMP
STOMP

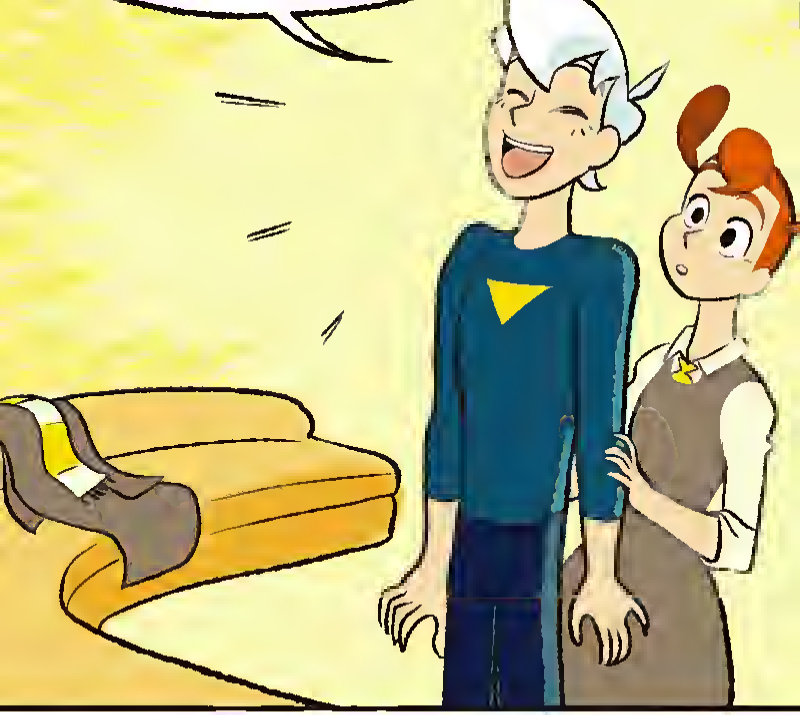


Ssssss

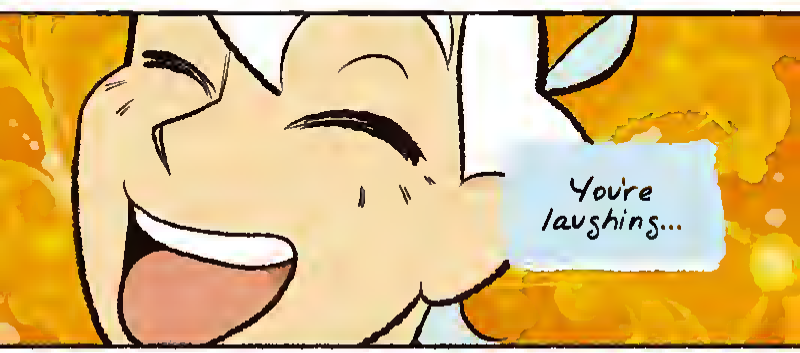
Oh, my gosh.
Oliver, I am so sorry...



ha
HA
HA HA HA
HA HA!



Oliver...



You're laughing...

"Just the need to draw.
No inspiration. Read your comic, and..
this piece of art was born."

Étienne Blve

" Space boy is such an amazing comic!
It's one of my all time favorites"

Thank
you!

Maybe it's because of the bold outline, but this piece reminds me of the art nouveau style-- very classy.

Danielle Sharkey

"thank you for making such an awesome comic, and hope you enjoy my art :)"

Ha ha!
